## Lunch & Learn

FREE  
Wednesday, April 6 at  
11:00am!

A recent study is changing the realm of hearing and hearing aids across the country! This new long-term study shows wearing hearing aids **REDUCES COGNITIVE DECLINE** associated with hearing loss. It gives people a new way of thinking about the importance of hearing care and will have far-reaching implications for hearing solutions now and in the future.

Join us for a **FREE** Lunch and Learn on Wednesday, April 6 at 11:00am to find out more! You will also receive a complimentary hearing evaluation and consultation. Ask about our new limited time offer... **\$300 off the Purchase of Any Advanced Digital Hearing Aids and 3 months of FREE batteries!** Call 413-1100 to reserve your spot. Seating is limited and spots fill quickly, so call today!

# Hearing aids: How to Choose the Right One.

*written by the Mayo Clinic staff*

Many types of hearing aids exist. So which is best for you? Find out what to consider when choosing a hearing aid, including how hearing aids work, what styles are available, fit options, and more.

*Read more at <http://www.mayoclinic.org/diseases-conditions/hearing-loss/in-depth/hearing-aids/art-20044116>*

## Causes of Hearing Loss

See a video of our own **audiologist Robert Froke**, as he explains some of the causes of hearing loss.

*Watch at <http://www.midwestent.com/video-gallery#causes-of-hearing-loss>*

## Health Tips and Prevention!

A Quick Glossary for Good Ear Health: You or your child has an earache. After your first visit to a physician, you may hear some of the following terms related to the diagnosis and treatment of this common childhood disorder. These definitions will help ensure you understand exactly what is happening and what you can do to find a solution!

*Read more at <http://www.midwestent.com/patient-health-information/ears/a-quick-glossary-for-good-ear-health>*

## Hearing Quiz

**Are you concerned about hearing loss for yourself or a loved one?**

People don't always notice they have hearing loss because it is not physically painful or visible, and happens gradually.

Here is a list of some symptoms to watch for: <http://www.midwestent.com/services/hearing/hearing-quiz>

We appreciate and value you as a patient and would love to HEAR your feedback on how we are doing! Please take a minute to review us on google so that we can better serve you in the future!
